Report on Internal Control Over Financial Reporting

The Association's principal executives and principal financial officers, or persons performing similar functions, are responsible for establishing and maintaining adequate internal control over financial reporting for the Association's Consolidated Financial Statements. For purposes of this report, "internal control over financial reporting" is defined as a process designed by, or under the supervision of the Association's principal executives and principal financial officers, or persons performing similar functions, and effected by its Board of Directors, management and other personnel. This process provides reasonable assurance regarding the reliability of financial reporting information and the preparation of the Consolidated Financial Statements for external purposes in accordance with accounting principles generally accepted in the United States of America.

Internal control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Association, (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial information in accordance with accounting principles generally accepted in the United States of America, and that receipts and expenditures are being made only in accordance with authorizations of management and directors of the Association, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Association's assets that could have a material effect on its Consolidated Financial Statements.

The Association's management has completed an assessment of the effectiveness of internal control over financial reporting as of June 30, 2014. In making the assessment, management used the framework in *Internal Control — Integrated Framework*, promulgated by the Committee of Sponsoring Organizations of the Treadway Commission, commonly referred to as the "COSO" criteria.

Based on the assessment performed, the Association concluded that as of June 30, 2014, the internal control over financial reporting was effective based upon the COSO (1992) criteria. Additionally, based on this assessment, the Association determined that there were no material weaknesses in the internal control over financial reporting as of June 30, 2014.

Management's Discussion and Analysis of Financial Condition and Results of Operations

(dollars in thousands)

The following commentary reviews the financial condition and results of operations of *AgGeorgia Farm Credit, ACA* (Association or *AgGeorgia*) for the period ended June 30, 2014. These comments should be read in conjunction with the accompanying financial statements, notes to the financial statements and the 2013 Annual Report of the Association.

LOAN PORTFOLIO

The Association provides funds to farmers, rural homeowners and farm-related businesses for financing of short and intermediate term loans and long term real estate mortgage loans. The Association's loan portfolio is diversified over a range of agricultural commodities including poultry, cotton, timber, peanuts and livestock. Farm size varies and many of the borrowers in the region have diversified farming operations. This factor, along with the numerous opportunities for non-farm income in the area, somewhat reduces the level of dependency on any single commodity.

The gross loan volume of the Association as of June 30, 2014 was \$862,444, an increase of \$21,452 as compared to \$840,992 at December 31, 2013. Net loans outstanding at June 30, 2014 were \$853,823 as compared to \$830,417 at December 31, 2013. This increase in loan volume is related to an increase in demand for loans resulting from an improvement in the economy as well as increased marketing efforts by the Association. Net loans accounted for 94.72 percent of total assets at June 30, 2014, as compared to 92.61 percent of total assets at December 31, 2013.

There is an inherent risk in the extension of any type of credit. Portfolio credit quality has increased, and credit administration remains satisfactory. Nonaccrual loans decreased from \$41,064 at December 31, 2013 to \$36,511 at June 30, 2014.

Association management maintains an allowance for loan losses in an amount considered sufficient to absorb possible losses in the loan portfolio based on current and expected future conditions. The allowance for loan losses at June 30, 2014, was \$8,621 compared to \$10,575 at December 31, 2013, and was considered by management to be adequate to cover probable losses.

RESULTS OF OPERATIONS

For the three months ended June 30, 2014

Net income for the three months ended June 30, 2014 totaled \$3,228 as compared to \$3,519 for the same period in 2013. This decrease is primarily due to a special patronage distribution from AgFirst Farm Credit Bank of \$524 in June 2013 that is nonrecurring.

Non-interest income for the three months ended June 30, 2014, totaled \$1,914, as compared to \$2,278 for the same period of 2013. This difference is also due to the special patronage distribution in 2013. Non-interest expense for the three months ended June 30, 2014 totaled \$5,117, a decrease of \$1,059 compared to the same period of 2013. The decrease is the result of decreased losses on other property owned as compared to the same period in 2013.

For the six months ended June 30, 2014

Net income for the six months ended June 30, 2014, totaled \$7,620 as compared to \$7,718 for the same period in 2013. Net interest income decreased \$549 for the six months ended June 30, 2014, as compared to the same period in 2013. This decrease is primarily related to a tightening of interest rate spreads in 2014. The Association recorded a loan loss provision of \$625 for the six months ended June 30, 2014, as compared to \$710 for the same period in 2013.

Non-interest income for the six months ended June 30, 2014, totaled \$3,925, as compared to \$4,810 for the same period of 2013, a decrease of \$885. A decrease in patronage refunds and other income led to the decrease in non-interest income. Non-interest expense for the six months ended June 30, 2014, decreased \$1,264 compared to the same period of 2013. This decrease is the result of a decline in losses on other property owned in 2014 compared to 2013.

FUNDING SOURCES

The principal source of funds for the Association is the borrowing relationship established with AgFirst Farm Credit Bank (the Bank) through a General Financing Agreement. The General Financing Agreement utilizes the Association's credit and fiscal performance as criteria for establishing a line of credit on which the Association may draw funds. The Bank advances funds to the Association in the form of notes payable. The notes

payable are segmented into variable rate and fixed rate sections. The variable rate note is utilized by the Association to fund variable rate loan advances and operating funds requirements. The fixed rate note is used specifically to fund fixed rate loan advances made by the Association. The total notes payable to the Bank at June 30, 2014, was \$665,900 as compared to \$661,719 at December 31, 2013.

CAPITAL RESOURCES

Total members' equity at June 30, 2014 decreased \$606 to \$215,300 from the December 31, 2013 total of \$215,906. The decrease is related to the revolvment of \$7,487 of qualified allocated surplus in June 2014.

Total capital stock and participation certificates were \$3,755 on June 30, 2014, compared to \$3,744 on December 31, 2013. This increase is attributed to the issuance of stock on new loans being greater than the retirement of stock on loans liquidated in the normal course of business.

Farm Credit Administration (FCA) regulations require all Farm Credit institutions to maintain minimum permanent capital, total surplus and core surplus ratios. These ratios are calculated by dividing the Association's permanent capital, total surplus and core surplus as defined in FCA regulations, by a risk adjusted asset base. As of June 30, 2014, the Association's total surplus ratio and core surplus ratio were 24.76 percent and 22.03 percent, respectively, and the permanent capital ratio was 25.22 percent. All three ratios were well above the minimum regulatory ratios of 7.00 percent for permanent capital and total surplus ratios and 3.50 percent for the core surplus ratio.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

Please refer to Note 1, "*Organization, Significant Accounting Policies, and Recently Issued Accounting Pronouncements*", in the Notes to the Financial Statements, and the 2013 Annual Report to Shareholders for recently issued accounting pronouncements.

REGULATORY MATTERS

On March 31, 2014, the FCA published an interim final rule rescinding all requirements for nonbinding advisory votes on senior officer compensation at System Banks and Associations. The comment period for the interim rule ended on April 30, 2014 and the final rule became effective on June 18, 2014.

On May 8, 2014, the FCA approved a proposed rule to modify the regulatory capital requirements for System Banks and Associations. The stated objectives of the proposed rule are as follows:

- To modernize capital requirements while ensuring that institutions continue to hold sufficient regulatory capital to fulfill their mission as a government-sponsored enterprise.
- To ensure that the System's capital requirements are comparable to the Basel III framework and the standardized approach that the federal banking regulatory agencies have adopted, but also to ensure that the rules recognize the cooperative structure and the organization of the System.
- To make System regulatory capital requirements more transparent.
- To meet the requirements of section 939A of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act).

Once the proposed rule is published in the Federal Register, the 120-day public comment period will commence.

On June 12, 2014, the FCA approved a proposed rule to revise the requirements governing the eligibility of investments for System Banks and Associations. The stated objectives of the proposed rule are as follows:

- To strengthen the safety and soundness of System Banks and Associations.
- To ensure that System Banks hold sufficient liquidity to continue operations and pay maturing obligations in the event of market disruption.
- To enhance the ability of the System Banks to supply credit to agricultural and aquatic producers.
- To comply with the requirements of section 939A of the Dodd-Frank Act.
- To modernize the investment eligibility criteria for System Banks.
- To revise the investment regulation for System Associations to improve their investment management practices so they are more resilient to risk.

The public comment period ends on October 23, 2014.

For the six months ended June 30, 2014, the FCA took no enforcement action against the Association.

On February 1, 2012 the FCA issued a letter of special supervision requiring the Association to address several concerns relative to credit quality and risk identification and mitigation. The Board of Directors has developed and approved a plan to address all of the concerns noted by FCA. The plan includes, but is not limited to, changes in underwriting standards and advance rates to mitigate credit risk and credit quality concerns, and establishing commodity concentration standards and implementing the Farmer Mac standby letter of credit program to mitigate commodity concentration risk, particularly in the poultry portfolio. Additionally, the plan implemented a requirement to secure government guarantees on all new loans for specialized operations.

NOTE: Shareholder investment in the Association is materially affected by the financial condition and results of operations of AgFirst Farm Credit Bank. Copies of AgFirst's annual and quarterly reports are available upon request free of charge by calling 1-800-845-1745, ext. 2832, or writing Susanne Caughman, AgFirst Farm Credit Bank, P.O. Box 1499, Columbia SC 29202. Information concerning AgFirst Farm Credit Bank can also be obtained at their website, www.agfirst.com. Copies of the Association's annual and quarterly reports are also available upon request free of charge by calling 478-987-8300 Ext. 120, writing Carrie McCall, Chief Financial Officer, AgGeorgia Farm Credit, ACA, P.O. Box 1820, Perry, GA 31069, or accessing the website, www.aggeorgia.com. The Association prepares a quarterly report within 40 days after the end of each fiscal quarter, except that no report need be prepared for the fiscal quarter that coincides with the end of the fiscal year of the institution.

Notes to the Consolidated Financial Statements

*(dollars in thousands, except as noted)
(unaudited)*

Note 1 — Organization, Significant Accounting Policies, and Recently Issued Accounting Pronouncements

Organization

The accompanying financial statements include the accounts of *AgGeorgia Farm Credit, ACA* (the Association). A description of the organization and operations, the significant accounting policies followed, and the financial condition and results of operations for the Association as of and for the year ended December 31, 2013, are contained in the 2013 Annual Report to Shareholders. These unaudited interim consolidated financial statements should be read in conjunction with the latest Annual Report to Shareholders.

Basis of Presentation

In the opinion of management, the accompanying consolidated financial statements contain all adjustments necessary for a fair presentation of the interim financial condition and results of operations and conform with generally accepted accounting principles (GAAP) and prevailing practices within the banking industry.

Certain amounts in the prior period's consolidated financial statements may have been reclassified to conform to the current period presentation. Such reclassifications had no effect on the prior period net income or total capital as previously reported.

The results of any interim period are not necessarily indicative of the results to be expected for a full year.

Significant Accounting Policies

The Association maintains an allowance for loan losses at a level considered adequate by management to provide for probable and estimable losses inherent in the loan portfolio as of the report date. The allowance for loan losses is increased through provisions for loan losses and loan recoveries and is decreased through loan charge-offs and allowance reversals. A review of individual loans in each respective portfolio is performed periodically to determine the appropriateness of risk ratings and to ensure loss exposure to the Association has been identified.

Recently Issued Accounting Pronouncements

In May 2014 the Financial Accounting Standards Board (FASB), responsible for U.S. Generally Accepted Accounting Principles (U.S. GAAP), and the International Accounting Standards Board (IASB), responsible for International Financial

Reporting Standards (IFRS), jointly issued converged standards on the recognition of revenue from contracts with customers. Accounting Standards Update (ASU) 2014-09, "Revenue from Contracts with Customers (Topic 606)" and IFRS 15 "Revenue from Contracts with Customers" are intended to improve the financial reporting of revenue and comparability of the top line in financial statements globally and supersede substantially all previous revenue recognition guidance. The core principle of the new standards is for companies to recognize revenue to depict the transfer of goods or services to customers in amounts that reflect the consideration (that is, payment) to which the company expects to be entitled in exchange for those goods or services. The new standard also will result in enhanced disclosures about revenue, provide guidance for transactions that were not previously addressed comprehensively (for example, service revenue and contract modifications) and improve guidance for multiple-element arrangements. Because of the pervasive nature of the new guidance, the boards have established a joint transition resource group in order to aid transition to the new standard. For public entities reporting under U.S. GAAP, the amendments in the Update are effective for annual reporting periods beginning after December 15, 2016, including interim periods within that reporting period. Early application is not permitted. For nonpublic entities, the amendments are effective for annual reporting periods beginning after December 15, 2017, and interim periods within annual periods beginning after December 15, 2018. A nonpublic entity may elect to adopt this guidance earlier under certain circumstances. The amendments are to be applied retrospectively. Because financial instruments are not within the scope of the guidance, it is expected that adoption will not have a material impact on the Association's financial condition or results of operations, but may result in additional disclosures.

In March 2014 the FASB issued ASU 2014-06, "Technical Corrections and Improvements Related to Glossary Terms (Master Glossary)." The amendments in this Update relate to glossary terms, cover a wide range of Topics in the Codification and are presented in four sections: Deletion of Master Glossary Terms, Addition of Master Glossary Term Links, Duplicate Master Glossary Terms, and Other Technical Corrections Related to Glossary Terms. These amendments did not have transition guidance and were effective upon issuance for both public entities and nonpublic entities.

In January 2014 the FASB issued ASU 2014-04, "Receivables—Troubled Debt Restructurings by Creditors (Subtopic 310-40) - Reclassification of Residential Real Estate Collateralized Consumer Mortgage Loans upon Foreclosure." The objective of the amendments in this Update is to reduce

diversity by clarifying when an in substance repossession or foreclosure occurs, that is, when a creditor should be considered to have received physical possession of residential real estate property collateralizing a consumer mortgage loan such that the loan receivable should be derecognized and the real estate property recognized. The amendments are effective for public business entities for annual periods, and interim periods within those annual periods, beginning after December 15, 2014. For entities other than public business entities, the amendments in this Update are effective for annual periods beginning after December 15, 2014, and interim periods within annual periods beginning after December 15, 2015. An entity can elect to adopt the amendments in this Update using either a modified retrospective transition method or a prospective transition method. Early adoption is permitted.

Other recently issued accounting pronouncements are discussed in the 2013 Annual Report to Shareholders.

Note 2 — Loans and Allowance for Loan Losses

For a complete description of the Association's accounting for loans (including impaired loans and the allowance for loan losses) and definitions of loan types, see the 2013 Annual Report to Shareholders.

Credit risk arises from the potential inability of an obligor to meet its repayment obligation. The Association manages credit risk associated with lending activities through an assessment of the credit risk profile of an individual obligor. The Association sets its own underwriting standards and lending policies that provide direction to loan officers and are approved by the board of directors.

A summary of loans outstanding at period end follows:

| | June 30, 2014 | December 31, 2013 |
|----------------------------------|-------------------|-------------------|
| Real estate mortgage | \$ 414,200 | \$ 413,890 |
| Production and intermediate-term | 413,525 | 398,987 |
| Loans to cooperatives | — | 23 |
| Processing and marketing | 18,207 | 12,671 |
| Farm-related business | 4,079 | 4,510 |
| Communication | 3,426 | 2,772 |
| Rural residential real estate | 9,007 | 8,139 |
| Total Loans | \$ 862,444 | \$ 840,992 |

A substantial portion of the Association's lending activities is collateralized, and exposure to credit loss associated with lending activities is reduced accordingly.

The Association may purchase or sell participation interests with other parties in order to diversify risk, manage loan volume, and comply with Farm Credit Administration (FCA) regulations. The following tables present participation loan balances at periods ended:

June 30, 2014

| | Within AgFirst District | | Within Farm Credit System | | Outside Farm Credit System | | Total | |

A significant source of liquidity for the Association is the repayments and maturities of loans. The following table presents the contractual maturity distribution of loans by loan type at the latest period end:

| | June 30, 2014 | | | |
|----------------------------------|----------------------|-----------------------|-------------------|------------|
| | Due less than 1 year | Due 1 Through 5 years | Due after 5 years | Total |
| Real estate mortgage | \$ 28,435 | \$ 93,283 | \$ 292,482 | \$ 414,200 |
| Production and intermediate term | 137,630 | 134,357 | 141,538 | 413,525 |
| Processing and marketing | 4,690 | 7,842 | 5,675 | 18,207 |
| Farm-related business | 2,220 | 1,122 | 737 | 4,079 |
| Communication | – | 3,426 | – | 3,426 |
| Rural residential real estate | 448 | 1,781 | 6,778 | 9,007 |
| Total Loans | \$ 173,423 | \$ 241,811 | \$ 447,210 | \$ 862,444 |
| Percentage | 20.11% | 28.04% | 51.85% | 100.00% |

The following table shows loans and related accrued interest, classified under the FCA Uniform Loan Classification System, as a percentage of total loans and related accrued interest receivable by loan type as of:

| | June 30, 2014 | December 31, 2013 | | June 30, 2014 | December 31, 2013 |
|--|---------------|-------------------|---------------------------------------|---------------|-------------------|

The recorded investment in a receivable is the face amount increased or decreased by applicable accrued interest, unamortized premium, discount, finance charges, or acquisition costs and may also reflect a previous direct write-down of the investment.

Nonperforming assets (including related accrued interest) and related credit quality statistics at period end were as follows:

| | June 30, 2014 | December 31, 2013 |
|--|----------------------|--------------------------|
| Nonaccrual loans: | | |
| Real estate mortgage | \$ 15,870 | \$ 17,314 |
| Production and intermediate-term | 20,540 | 23,630 |
| Farm-related business | - | 2 |
| Rural residential real estate | 101 | 118 |
| Total nonaccrual loans | <u>\$ 36,511</u> | <u>\$ 41,064</u> |
| Accruing restructured loans: | | |
| Real estate mortgage | \$ 7,464 | \$ 8,201 |
| Production and intermediate-term | 7,062 | 6,084 |
| Rural residential real estate | 132 | - |
| Total accruing restructured loans | <u>\$ 14,658</u> | <u>\$ 14,285</u> |
| Accruing loans 90 days or more past due: | | |
| Total accruing loans 90 days or more past due | <u>\$ -</u> | <u>\$ -</u> |
| Total nonperforming loans | \$ 51,169 | \$ 55,349 |
| Other property owned | 8,281 | 7,345 |
| Total nonperforming assets | <u>\$ 59,450</u> | <u>\$ 62,694</u> |
| Nonaccrual loans as a percentage of total loans | 4.23% | 4.88% |
| Nonperforming assets as a percentage of total loans and other property owned | 6.83% | 7.39% |
| Nonperforming assets as a percentage of capital | 27.61% | 29.04% |

The following table presents information related to impaired loans (including accrued interest) at period end. Impaired loans are loans for which it is probable that all principal and interest will not be collected according to the contractual terms of the loan.

| | June 30, 2014 | December 31, 2013 |
|--------------------------------------|----------------------|--------------------------|
| Impaired nonaccrual loans: | | |
| Current as to principal and interest | \$ 16,027 | \$ 15,910 |
| Past due | 20,484 | 25,154 |
| Total impaired nonaccrual loans | <u>36,511</u> | <u>41,064</u> |
| Impaired accrual loans: | | |
| Restructured | 14,658 | 14,285 |
| Total impaired accrual loans | <u>14,658</u> | <u>14,285</u> |
| Total impaired loans | <u>\$ 51,169</u> | <u>\$ 55,349</u> |

The following tables present additional impaired loan information at period end. Unpaid principal balance represents the contractual principal balance of the loan.

| | June 30, 2014 | | | Quarter Ended June 30, 2014 | | Six Months Ended June 30, 2014 | |

| Total Loans | \$ 32,573 | \$ 30,087 | \$ 17,915 | \$ 15,802 |
| Additional commitments to lend | \$ - | \$ 5 | | |

Note 3 — Debt

Notes Payable to AgFirst Farm Credit Bank

The Association's indebtedness to AgFirst Farm Credit Bank (AgFirst or the Bank) represents borrowings by the Association primarily to fund its loan portfolio. This indebtedness is collateralized by a pledge of substantially all of the Association's assets. The contractual terms of the revolving line of credit are contained in the General Financing Agreement (GFA). The GFA also defines Association performance criteria for borrowing from the Bank, which includes borrowing base margin, earnings and capital covenants, among others.

Note 4 — Members' Equity

Accumulated other Comprehensive Income (AOCI)

The following tables present activity related to AOCI for the periods presented:

| | Changes in Accumulated Other Comprehensive income by Component (a) | | | |
|---|--|----------|---------------------------|----------|
| | Three Months Ended June 30, | | Six Months Ended June 30, | |

| | 2014 | 2013 | 2014 | 2013 | |
| Defined Benefit Pension Plans: | | | | | |
| Periodic pension costs | \$ (1) | \$ (1) | \$ (1) | \$ (1) | See Note 6. |
| Net amounts reclassified | \$ (1) | \$ (1) | \$ (1) | \$ (1) | |

(a) Amounts in parentheses indicate debits to AOCI.

(b) Amounts in parentheses indicate debits to profit/loss.

Note 5 — Fair Value Measurement

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants in the principal or most advantageous market for the asset or liability.

Accounting guidance establishes a hierarchy for disclosure of fair value measurements to maximize the use of observable inputs, that is, inputs that reflect the assumptions market participants would use in pricing an asset or liability based on market data obtained from sources independent of the reporting entity. The hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. A financial instrument's categorization within the hierarchy tiers is based upon the lowest level of input that is significant to the fair value measurement.

Estimating the fair value of the Association's investment in the Bank and Other Farm Credit Institutions is not practicable because the stock is not traded. The net investment is a requirement of borrowing from the Bank and is carried at cost plus allocated equities in the accompanying Consolidated Balance Sheets. The Association owns 4.22 percent of the issued stock of the Bank as of June 30, 2014 net of any reciprocal investment. As of that date, the Bank's assets totaled \$28.2 billion and shareholders' equity totaled \$2.3 billion. The Bank's earnings were \$183 million for the first six months of 2014. In addition, the Association has an investment of \$889 related to other Farm Credit institutions.

The classifications within the fair value hierarchy are as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 inputs include quoted prices for similar assets and liabilities in active markets; quoted prices in markets that are not active; and inputs that are observable, or can be corroborated, for substantially the full term of the asset or liability.

Level 3 inputs are unobservable and supported by little or no market activity. Valuation is determined using pricing models, discounted cash flow methodologies, or similar techniques, and could include significant management judgment or estimation. Level 3 assets and liabilities also could include instruments whose price has been adjusted based on dealer quoted pricing that is different than the third-party valuation or internal model pricing.

For a complete discussion of the inputs and other assumptions considered in assigning various assets and liabilities to the fair value hierarchy levels, see the latest Annual Report to Shareholders.

The following table presents the changes in Level 3 assets and liabilities measured at fair value on a recurring basis for the periods presented. The Association had no transfers of assets or liabilities into or out of Level 1 or Level 2 during the periods presented.

| | Standby Letters of Credit | |
|--------------------------------|-----------------------------------|-------|
| | For the six months ended June 30, | |
| | 2014 | 2013 |
| Balance at beginning of period | \$ 19 | \$ 4 |
| Issuances | 130 | 55 |
| Settlements | — | — |
| Balance at end of period | \$ 149 | \$ 59 |

SENSITIVITY TO CHANGES IN SIGNIFICANT UNOBSERVABLE INPUTS

Discounted cash flow or similar modeling techniques are generally used to determine the recurring fair value measurements for Level 3 assets and liabilities. Use of these techniques requires determination of relevant inputs and assumptions, some of which represent significant unobservable inputs as indicated in the tables that follow. Accordingly, changes in these unobservable inputs may have a significant impact on fair value.

Certain of these unobservable inputs will (in isolation) have a directionally consistent impact on the fair value of the instrument for a given change in that input. Alternatively, the fair value of the instrument may move in an opposite direction for a given change in another input. Where multiple inputs are used within the valuation technique of an asset or liability, a change in one input in a certain direction may be offset by an opposite change in another input having a potentially muted impact to the overall fair value of that particular instrument. Additionally, a change in one unobservable input may result in a change to another unobservable input (that is, changes in certain inputs are interrelated with one another), which may counteract or magnify the fair value impact.

Other Property Owned/Impaired Loans

Other property owned and impaired loans are valued using appraisals, market comparable sales, replacement costs and income and expense (cash flow) techniques. Certain unobservable inputs are used within these techniques to determine the level 3 fair value of these properties. The significant unobservable inputs are primarily sensitive only to industry, geographic and overall economic conditions, and/or specific attributes of each property.

Inputs to Valuation Techniques

Management determines the Association's valuation policies and procedures. The Bank performs the majority of the Association's valuations, and its valuation processes are calibrated annually by an independent consultant. The fair value measurements are analyzed on a quarterly basis. For other

valuations, documentation is obtained for third party information, such as pricing, and periodically evaluated alongside internal information and pricing that is available.

Quoted market prices are generally not available for the instruments presented below. Accordingly fair values are based

on judgments regarding anticipated cash flows, future expected loss experience, current economic conditions, risk characteristics of various financial instruments, and other factors. These estimates involve uncertainties and matters of judgment, and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Quantitative Information about Recurring and Nonrecurring Level 3 Fair Value Measurements

| | Fair Value | Valuation Technique(s) | Unobservable Input | Range |
|---|------------|------------------------|---|------------------|
| Impaired loans and other property owned | \$ 56,949 | Appraisal | Income and expense Comparable sales Replacement cost Comparability adjustments | * * * * |

* Ranges for this type of input are not useful because each collateral property is unique.

Information about Other Financial Instrument Fair Value Measurements

| | Valuation Technique(s) | Input |
|---|------------------------|---|
| Cash | Carrying Value | Par/Principal and appropriate interest yield |
| Loans | Discounted cash flow | Prepayment forecasts Probability of default Loss severity |
| Notes payable to AgFirst Farm Credit Bank | Discounted cash flow | Prepayment forecasts Probability of default Loss severity |

The following tables present the carrying amounts and fair values of assets and liabilities that are measured at fair value on a recurring and nonrecurring basis, as well as those financial instruments not measured at fair value, for each of the hierarchy levels at the period ended:

At or for the Six Months Ended June 30, 2014

| | Total Carrying Amount | Level 1 | Level 2 | Level 3 | Total Fair Value | Fair Value Effects On Earnings |
|---|-----------------------|---------|---------|------------|------------------|--------------------------------|
| Recurring Measurements | | | | | | |
| Assets: | | | | | | |
| Assets held in Trust funds | \$ 248 | \$ 248 | \$ - | \$ - | \$ 248 | |
| Recurring Assets | \$ 248 | \$ 248 | \$ - | \$ - | \$ 248 | |
| Liabilities: | | | | | | |
| Standby letters of credit | \$ 149 | \$ - | \$ - | \$ 149 | \$ 149 | |
| Recurring Liabilities | \$ 149 | \$ - | \$ - | \$ 149 | \$ 149 | |
| Nonrecurring Measurements | | | | | | |
| Assets: | | | | | | |
| Impaired loans | \$ 47,512 | \$ - | \$ - | \$ 47,512 | \$ 47,512 | \$ (969) |
| Other property owned | 8,281 | - | - | 9,437 | 9,437 | 284 |
| Nonrecurring Assets | \$ 55,793 | \$ - | \$ - | \$ 56,949 | \$ 56,949 | \$ (685) |
| Other Financial Instruments | | | | | | |
| Assets: | | | | | | |
| Cash | \$ 106 | \$ 106 | \$ - | \$ - | \$ 106 | |
| Loans | 806,311 | - | - | 807,735 | 807,735 | |
| Other Financial Assets | \$ 806,417 | \$ 106 | \$ - | \$ 807,735 | \$ 807,841 | |
| Liabilities: | | | | | | |
| Notes payable to AgFirst Farm Credit Bank | \$ 665,900 | \$ - | \$ - | \$ 663,647 | \$ 663,647 | |
| Other Financial Liabilities | \$ 665,900 | \$ - | \$ - | \$ 663,647 | \$ 663,647 | |

At or for the Year Ended December 31, 2013

| | Total Carrying Amount | Level 1 | Level 2 | Level 3 | Total Fair Value | Fair Value Effects On Earnings |
|---|------------------------------|----------------|----------------|----------------|-------------------------|---------------------------------------|
| Recurring Measurements | | | | | | |
| Assets: | | | | | | |
| Assets held in Trust funds | \$ 259 | \$ 259 | \$ - | \$ - | \$ 259 | |
| Recurring Assets | \$ 259 | \$ 259 | \$ - | \$ - | \$ 259 | |
| Liabilities: | | | | | | |
| Standby letters of credit | \$ 19 | \$ - | \$ - | \$ 19 | \$ 19 | |
| Recurring Liabilities | \$ 19 | \$ - | \$ - | \$ 19 | \$ 19 | |
| Nonrecurring Measurements | | | | | | |
| Assets: | | | | | | |
| Impaired loans | \$ 50,082 | \$ - | \$ - | \$ 50,082 | \$ 50,082 | \$ (3,951) |
| Other property owned | 7,345 | - | - | 8,150 | 8,150 | (4,578) |
| Nonrecurring Assets | \$ 57,427 | \$ - | \$ - | \$ 58,232 | \$ 58,232 | \$ (8,529) |
| Other Financial Instruments | | | | | | |
| Assets: | | | | | | |
| Cash | \$ 1,304 | \$ 1,304 | \$ - | \$ - | \$ 1,304 | |
| Loans | 780,335 | - | - | 782,802 | 782,802 | |
| Other Financial Assets | \$ 781,639 | \$ 1,304 | \$ - | \$ 782,802 | \$ 784,106 | |
| Liabilities: | | | | | | |
| Notes payable to AgFirst Farm Credit Bank | \$ 661,719 | \$ - | \$ - | \$ 658,008 | \$ 658,008 | |
| Other Financial Liabilities | \$ 661,719 | \$ - | \$ - | \$ 658,008 | \$ 658,008 | |

Note 6 — Employee Benefit Plans

The following is a table of retirement and other postretirement benefit expenses for the Association:

| | For the three months ended June 30, | | For the six months ended June 30, | |
|-------------------------------|--|-----------------|--|-----------------|
| | 2014 | 2013 | 2014 | 2013 |
| Pension | \$ 1,090 | \$ 1,077 | \$ 2,180 | \$ 2,155 |
| 401(k) | 78 | 72 | 164 | 144 |
| Other postretirement benefits | 166 | 161 | 333 | 321 |
| Total | \$ 1,334 | \$ 1,310 | \$ 2,677 | \$ 2,620 |

The following is a table of retirement and other postretirement benefit contributions for the Association:

| | Actual YTD Through 6/30/14 | Projected Contributions For Remainder of 2014 | Projected Total Contributions 2014 |
|-------------------------------|-----------------------------------|--|---|
| Pension | \$ 24 | \$ 3,392 | \$ 3,416 |
| Other postretirement benefits | 291 | 309 | 600 |
| Total | \$ 315 | \$ 3,701 | \$ 4,016 |

Contributions in the above table include allocated estimates of funding for multi-employer plans in which the Association participates. These amounts may change when a total funding amount and allocation is determined by the respective Plan's Sponsor Committee. Also, market conditions could impact discount rates and return on plan assets which could change contributions necessary before the next plan measurement date of December 31, 2014.

Further details regarding employee benefit plans are contained in the 2013 Annual Report to Shareholders.

In May 2014, the AgFirst Plan Sponsor Committee voted to approve changes to certain employee benefit plans as follows:

- (1) On January 1, 2015, the AgFirst Farm Credit Cash Balance Retirement Plan (Cash Balance Plan) will be frozen, employer contributions will cease, and the Cash Balance Plan will be closed to new entrants.
- (2) In lieu of participation in and contributions to the Cash Balance Plan, additional employer contributions will be made to the Farm Credit Benefits Alliance 401(k) Plan.

The above changes are expected to become officially executed plan amendments in November 2014. The Cash Balance Plan will not be terminated on January 1, 2015, but is expected to be terminated in 2015 or 2016 once all necessary actions have been performed and approvals obtained. Participants in the Cash Balance Plan will continue to receive employer contributions to their hypothetical cash balance accounts through the end of 2014, at which time contributions will cease. Participants will continue receiving interest credits on the same basis as currently being provided until the Cash Balance Plan is terminated. Participants who are not already fully vested in their accounts will automatically become 100% vested on December 31, 2014. Following the termination of the Cash Balance Plan, vested benefits will be distributed to participants.

Beginning on January 1, 2015, for participants in the Cash Balance Plan and eligible employees hired on or after this date, an additional employer contribution will be made to the Farm Credit Benefits Alliance 401(k) Plan equal to 3% of the participants' eligible compensation.

Accounting related to the curtailment of future benefit service under the Cash Balance Plan, as prescribed in ASC 715 “Compensation – Retirement Benefits”, is expected to be triggered in November 2014 when the plan amendments are officially executed. This accounting is not expected to have a material impact on the Association’s financial condition or results of operations.

Note 7 — Commitments and Contingent Liabilities

From time to time, legal actions are pending against the Association in which claims for money damages are asserted. On at least a quarterly basis, the Association assesses its liabilities and contingencies in connection with outstanding legal proceedings utilizing the latest information available. While the outcome of legal proceedings is inherently uncertain, on the basis of information presently available, management, after consultation with legal counsel, is of the opinion that the ultimate liability, if any, from these actions, would not be material in relation to the financial position of the Association. Because it is not probable that the Association will incur a loss or the loss is not estimable, no liability has been recorded for any claims that may be pending.

Note 8 — Subsequent Events

The Association has evaluated subsequent events and has determined there are none requiring disclosure through August 7, 2014, which is the date the financial statements were issued.
